

Fog

Carl Sandburg

RECALL:

How do we give constructive feedback?

Perform your poem to someone at home and see if they can give you some feedback. There are some questions on the next slide which might help you.

Performance and Feedback

What did your audience think?

What did they visualise as you were reading? Was it what you hoped the reader would think of?

Would you change any words so that the poem has a different/bigger affect on the reader?
