## Presentation Write

LO: Use the necessary handwriting skills for presentation writing.

- Write on the line.
- Miss a line after each fact.
- Correct letter size.
- Join certain letters.
- Make sure the sheet you write on is not wrinkled or dirty.
- Do not cross out anything on the final version of your project.

# Tasks

After you have completed your presentation write, answer the following questions.

1. What would the audience like about your project?
2. What would other children learn from your project?
3. What would you change if you made this again? Why would you do this?
